

Students Available for Industry/Gov't-based Projects

Do you need extra resources for your next project? Can you provide mentoring and training to a final year, Honours or Postgraduate student from QUT, University of Queensland (UQ), or University of Southern Queensland (USQ), whilst they work on your company's project? Looking for another way to find good graduates ... early?

Projects can be located in/around Toowoomba, Brisbane, Ipswich, Gold Coast, Sunshine Coast and some other areas of Queensland.

Types of Students Available (from University of Queensland, QUT, University of Southern Queensland):

Engineering - final year and Masters students (QUT, UQ, USQ): Civil, Environmental, Electrical, Mechanical, Avionics, Mechatronics/Infomechatronics, Medical, Software, Computer Systems, Telecommunications, Master of Engineering Technology

Information Technology - final year and Masters students (QUT/UQ): Bachelor of IT, Master of IT, Information Systems/BPM, B. Corporate Systems Management, B. Interactive Games and Entertainment, Information Management

Business - Masters students (QUT): MBA, Marketing, Advertising, Public Relations, Events, Finance/Accounting, Human Resources

Science - Honours and Masters, some final year students (UQ, USQ, QUT): Biology (UQ), Biotechnology (UQ), Mathematics (USQ), Statistics (USQ), Computing Science (USQ), B.Biotech Innovation (QUT). More QUT Science students will be available from 2010 – course structure is being reviewed, to provide students with academic credit and time for project work. Please enquire.

When Students are Available / When to Register Company Projects / Project Fee:

<i>When Students are Available for Company/Gov't-based Projects:</i>	<i>Deadlines - when to register Your company / govt project with CEED:</i>	<i>Project Fee per Project (+GST) * ~</i>
<ul style="list-style-type: none"> Summer semester 09/10 (project duration: end-November 2009 to February 2010) – coursework Masters students only 	9 October 09	\$ 8,800
<ul style="list-style-type: none"> Summer vacation + 1st semester 09/10 (project duration: end-November/early-December 09 to June 10) – final year undergraduate students 	30 October 09	\$11,550**
<ul style="list-style-type: none"> 1st semester 2010 (project duration: February to June) – all students 	4 December 09 (round 1) 15 January 10 (round 2)	\$ 8,800
<ul style="list-style-type: none"> 2nd semester 2010 (project duration: July to November) – all students available except final year Engineering students from USQ 	mid-May 2010	\$ 8,800^
Each student works on-site with their project host, for a minimum of 3 days/week throughout project (~13 weeks for single semester projects). Students usually work full-time over summer vacation period (if applicable for your project).	Once you register your project/s, CEED will advertise the details to students, and co-ordinate an interview/selection process for you.	Fee payable by client – based on one student per project

* Project fee includes student scholarship (paid instead of a salary), Insurances, CEED recruitment, management & training fee.

~ A 50% fee subsidy is available for members of Australian Technology Showcase (ATS), up to the value of \$4,400+GST. One subsidy paid per company, per semester

** An extra \$2,750 is added to the student scholarship, for longer projects (summer vacation+1st semester, or whole-year projects)
^ Project fee will increase from May 2010 (last increase was 2007). New fee will be confirmed by April 2010

How To Register/Advertise Your Company Project with CEED:

Choose from 2 easy ways:

1. **Visit www.corptech.com.au** – and complete the online form (see 'For Companies' tab)

or

2. **Email** 1-2 page project outline/s to: ceed@corptech.com.au (template is available upon request)

Summary of CEED Recruitment Process:

Once a client registers their project/s with CEED, we confirm the details and timing of project/s before advertising details to the appropriate students at QUT, UQ & USQ.

Projects are advertised to students via the CEED website (www.corptech.com.au) and our network of academic contacts (note: please omit confidential project/company details from project outline/s, for advertising purposes). You can choose to discuss confidential/other details of the project with students, at the interview stage.

An application, interview and selection process will follow (co-ordinated by CEED) - to assist clients to choose the most suitable student/s for their project/s.

Once a suitable student is selected by the client, CEED confirms a convenient start date. Project contracts are then put in place (client and student), and the project fee (1st instalment) is invoiced by QUT – on behalf of all participating Universities/students. Before the student commences work on the project, CEED provides the student with an induction session which includes training in project planning and management.

CEED's aim is for both the student and client to gain a very good project outcome. This means that the client receives a good and tangible project result, and the student receives good industry-based training/mentoring, experience in managing and delivering a 'real world' project, and a higher than average academic grade for their project.

Therefore, CEED monitors the progress of all student projects, from start to finish. CEED is available to clients and students throughout the project for guidance and troubleshooting, whenever required.
